

POWERING PROJECTS WITH INTEGRATED MEP EXPERTISE.

# ABOUT EMCOTECH

Engineering Trust Since 2003

EMCOTECH is a leading electromechanical and infrastructure solutions provider, with operations spanning Egypt (est. 2003), Qatar (2010), and Saudi Arabia (2012).

With a reputation built on engineering excellence, innovation, and client trust, we specialize in MEP contracting, facility management, and infrastructure development—delivering value-added services that meet international standards and shape the future of cities across the Middle East.

We are proud to be a privately owned, fully licensed, and insured corporation that has grown steadily into one of the most trusted names in the region.

# VISION

Building Tomorrow, Today

To become a globally recognized MEP contracting and infrastructure group, leading the industry with:

- **Sustainable solutions**
- **Cutting-edge technology**
- **A relentless drive for excellence**

We aim to deliver transformative impact by addressing the dynamic needs of our clients and communities—creating a better, smarter future for all.

# MISSION

Powering Progress with Precision

**At EMCOTECH, our mission is to:**

- Be a catalyst for positive transformation in the MEP and infrastructure sectors.
- Integrate advanced technology and sustainable practices into every project.
- Continuously raise industry standards while maintaining agility.
- Deliver exceptional value and long-term success to our clients.

We are committed to empowering industries and communities alike through reliable, future-ready, and client-focused solutions.

# SERVICES

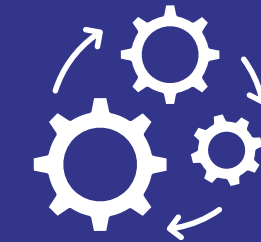

## INTEGRATED MEP & INFRASTRUCTURE SERVICES TAILORED FOR IMPACT

At EMCO TECH, we deliver more than technical solutions — we engineer trust. From intricate electromechanical systems to large-scale infrastructure works, our services are driven by innovation, executed with precision, and powered by a deep commitment to quality and client satisfaction. Whether it's a landmark tower, a smart healthcare facility, or mission-critical district cooling, we approach every project with a partnership mindset — ensuring excellence from initial design to final handover.

## OUR SERVICES

### 1. ELECTRICAL SYSTEMS

### 2. MECHANICAL SYSTEMS

### 3. INFRASTRUCTURE

### 4. FACILITY MANAGEMENT

## QUALITY CONTROL & SAFETY

At EMCO, the safety of our employees and the public is a top priority. Our safety program includes continuous training, compliance with the latest safety regulations, and open communication between management and staff. We are committed to delivering quality construction projects that comply with technical specifications, standards, and the expectations of our clients, ensuring minimal wastage and continuous development.

# COMMITMENT TO EXCELLENCE

We are dedicated to creating a management structure that best serves our clients' needs and continually improving the level of service we provide. Our team is composed of highly skilled professionals committed to meeting our clients' goals with the highest ethical standards and financial strength
